## The Dipsea Race V.3b

Sunday, June 10, 2018

Please use and respond to your tactical designator. Use your FCC call-sign at the end of each series of transmissions.

**EMERGENCY TRAFFIC ALWAYS HAS PRIORITY. PLEASE STAND BY UNTIL THE EMERGENCY HAS BEEN HANDLED.**

All Stations please keep track of and relay to DIPSEA Net Control:

- **MILL VALLEY START** should transmit the race start and announce the scratch runner start. All other stations please hold traffic for those reports (except emergency traffic).
- **Muir Woods, Steep Ravine and Hwy 1** should announce arrival of the **first runners** and should not try to relay the first 10 numbers.
- **The arrival of the first 10 runners through your location and the first female by number, as they pass (in real time). (Except for Steep Ravine, Muir Woods, Hwy 1, and Finish)**
- The number of anyone who requires medical attention and their disposition.
- The numbers of anyone who drops out at your location, and their disposition.
- The numbers and times of the **last runners** departing your location.
- Please remember radios, batteries, paper, writing instrument, appropriate clothing for the weather changes, hat, sunscreen, water, food, etc.
- **It more important for Mill Valley to announce Start Times in real time**, than for Windy Gap and Muir Woods to report the arrival of the first runners, in real time.

Thanks for volunteering and have a great day.
