| Cardiac Hill | KD6SWU | Stanton Gleason Judi | 09:30 – 14:00 | XL L |

Please contact me ASAP with any reassignments necessary.

Please use and respond to your tactical designator. Use your FCC call-sign at the end of each series of transmissions.

EMERGENCY TRAFFIC ALWAYS HAS PRIORITY. PLEASE STAND BY UNTIL THE EMERGENCY HAS BEEN HANDLED.

Please keep track of and relay to Miwok Net Control:

- The numbers and times of the first five runners through your location (in both directions)
- The number of anyone who requires medical attention and their disposition.
- The numbers of anyone who drops out (scratches) at your location and their disposition (do they have

transportation).

- The numbers and times of the last runners departing your location (in both directions).
- Please remember radios, batteries, paper, writing instrument, appropriate clothing for the weather changes, hat, sunscreen, water, food, etc.

There will be an on-the-air roll call and briefing for the Miwok 100K on **146.700 at 19:30 on Thursday, May 5** to discuss any last-minute changes and to answer questions.

The Club website has further information on the event (thanks Randy) at http://w6sg.net/site/?page_id=231, but I urge you to take the final version of this email with you on the event. I plan to release this Friday.

Michael, K6MLF has pointed out the excellent Google Maps flyover of the course. See <http://miwok100k.com/site/flyover/>

Note that it is forecast to be cool with possible rain Saturday, so plan accordingly. Here's NOAA's forecast for Stinson beach:

Saturday

A 20 percent chance of showers. Mostly cloudy, with a high near 61. Light and variable wind becoming southwest 5 to 8 mph in the afternoon. New precipitation amounts of less than a tenth of an inch possible.

APRS and sweeps

There will be 9 sweeps leaving Start, Bridgeview, and Randall at various times. We will try to give each one an APRS tracker:

Thanks for volunteering and have a great day.

Rob Rowlands NZ6J, (650) 866 9078
Michael Fischer K6MLF
