Bike-mobile troubleshooter	KJ6NKW	Michael Sexton	06:30 - 16:30	M
Reserve	KK6QPE KA6BQF	Randy Jenkins Larry Bradley	06:00 - 15:00	

**There is no cellphone service at the start-finish, so Mount Tam Middle Peak will be the cell-center, if a 911 call is needed. Doug Slusher's number is 415 747 4175.**

**Please attend the Thursday evening briefing 19:30, August 16<sup>th</sup>, on the Big Rock repeater.**

Please use and respond to your tactical designator. Use your FCC call-sign only at the end of each series of transmissions. (Your callsign will be the equivalent of "clear" or "out.")

**EMERGENCY TRAFFIC ALWAYS HAS PRIORITY. PLEASE STAND BY UNTIL THE EMERGENCY HAS BEEN HANDLED.**

**Participants who pre-register online, and receive their bike number tag online, may start at any time—6am or before. The “official” start is called a “soft start,” anytime between 7 and 8am.**

The start area is in the parking lot across the road and to the West of the stables; event management will move to the upper end of the stables after the start sequence is complete. That is where Net Control will be located.

Rest stop operators: please set up near the event's rest stop, and stay in close contact with your captain throughout the event. Please actively monitor all traffic on the net throughout the day.

Please keep track of and relay to Dirt Fondo Net Control:

- The times and bib numbers of the first five riders through your location (in both directions)
- The number of anyone who requires medical attention and their disposition.
- The numbers of anyone who drops out (scratches) at your location and their disposition (do they have transportation?)
- The description and times of the last 5-10 riders departing your location (in both directions).
- The entry and departure of course marshals, first-aid riders, and the final sweep for each course.
- Please remember radios, batteries, paper, writing instrument, appropriate clothing for the weather changes, hat, sunscreen, water, food, etc.

**If you must stop by net control, please keep ALL conversations well away (out of earshot) from the net control operators.**

Thanks for volunteering and have a great day!

Randy Jenkins KA6BQF, Rob Rowlands NZ6J, Michael Fischer K6MLF and Larry Bradley KK6QPE
